

CAPABILITY STATEMENT

JLV Enterprise Solutions, LLC

Reliable Support. Strategic Partnerships. Practical Solutions.

COMPANY OVERVIEW

North Miami, Florida-based, veteran-owned business focused on government contracting and practical operational support for government agencies, prime contractors, and commercial organizations.

CORE SERVICE FOCUS

Administrative & operational support

Document organization, data entry, scheduling, correspondence tracking, action logs, and routine project reporting.

Facilities & janitorial support

Coordination of janitorial, grounds, routine facilities, and site-support requirements with qualified service providers.

Logistics & subcontractor coordination

Vendor communication, delivery scheduling, resource tracking, service milestones, and coordination of defined subcontract scopes.

Disaster recovery support - developing capability

Debris-removal and storm-cleanup coordination, hauling support, facilities support, field logistics, and recovery documentation. Current areas of interest: Florida, Alabama, and Georgia.

DELIVERY APPROACH

JLV intends to combine contract administration, vendor coordination, documentation, and quality follow-up with authorized fieldwork performed by qualified subcontractors. Scope, capacity, licenses where required, insurance, resources, and availability are confirmed before commitment. No standing crews, equipment inventory, or guaranteed response times are represented.
